

# Reduce the risk

## Tips to reduce the risk of your bike being stolen.

- Use at least a Sold Secure Gold Standard chain & lock
- Utilise a ground anchor and secure your bike to it.
- Use a chain lock through the back wheel and attached to a ground anchor.
- Utilise a disc lock to secure the front brake disc or a D Lock to the front wheel.
- Use a combination of a chain lock, D Lock or disc lock.
- Fit an alarm and immobiliser.
- Fit a tracking system.
- Store you bike in a secure shed or garage.
- Utilise a cover to hide the make and model of your bike.
- Use tamper proof screws to secure the number plate.
